# Mobile Technologies Portfolio

## Patent Acquisition Opportunity

---

The information in this package is provided for the sole purpose of supporting the independent evaluation of these patents by prospective buyers, and does not constitute legal opinion or representation. Any discussion of the potential use of the patented inventions by particular products is for illustration purposes only and is not intended to be, nor should they be construed as, notice of, or any form of accusation of, infringement of any of the indicated patents by any products. In addition, the materials provided by GTT Group are copyrighted material and are intended for use by the receiving party solely for their use in determining whether to purchase the patents offered for sale by GTT Group and their participation in the sales process run by GTT Group.

## Opportunity Summary

- GTT Group is exclusively representing the sale of 24 issued US patents and 27 US applications. The patents generally relate to mobile devices, mobile applications and wireless networks.
- The portfolio was developed by electrical engineers and computer scientists with deep experience in wireless and mobile device product development.
- The patents cover key innovations across mobile and wireless technology from the mobile device touch screen, processor, and wireless hardware; to network infrastructure; to cloud server systems; and to remote device control and home automation. The patents are highly cited by industry leaders.
- The portfolio contains patents with early priority dates dating to the late 1990s and early 2000s with open continuations.
- GTT Group has developed evidence of use (EOU) materials that illustrate adoption of the patents. Please contact GTT Group to review EOU materials.
