GTT Group Announces Sensor and Detection Systems Patent Portfolio Acquisition Opportunity

Portland, Oregon (November 2011) -- Global Technology Transfer Group, Inc. (GTT Group) announces the availability of a patent portfolio related to sensors and detection systems.

The patent portfolio consists of three issued US patents, 9 US applications and 19 foreign counterparts. The portfolio is primarily applicable to three markets: electronic security systems, intelligent transportation systems and moisture detection systems. These global markets combined for over \$15B in revenue in 2010. The patents are related to a bankruptcy estate and include several diverse technology areas including home security, smoke detectors, traffic counters, CO2 sensors and moisture sensors.

GTT Group has prepared evidence of use material concerning adoption of the invention by major participants in the security and detection systems industries. The evidence of use materials will be made available to qualified interested parties under non-disclosure and non-notice provisions.

GTT Group will be approaching potential buyers and providing materials explaining the strategic advantages of acquiring the portfolio. In addition, GTT Group's experts will be available to discuss the patent portfolio in detail and its present adoption in relevant markets.
