Media Streaming Portfolio

Patent Acquisition Opportunity

The information in this package is provided for the sole purpose of supporting the independent evaluation of these patents by prospective buyers, and does not constitute legal opinion or representation. Any discussion of the potential use of the patented inventions by particular products is for illustration purposes only and is not intended to be, nor should they be construed as, notice of, or any form of accusation of, infringement of any of the indicated patents by any products. In addition, the materials provided by GTT Group are copyrighted material and are intended for use by the receiving party solely for their use in determining whether to purchase the patents offered for sale by GTT Group and their participation in the sales process run by GTT Group.

Opportunity Summary

- GTT Group is exclusively representing the sale of the Media Streaming Portfolio.
- The portfolio contains 53 global assets in nine patent families, including nine issued US patents.
- Exemplary claims in the portfolio relate to:
 - digital rights management (DRM) in a network for distributing digital content;
 - broadcasting live video over the internet; and
 - maintaining overall quality of service (QoS) in a communication network.
- GTT Group has developed evidence of use (EOU) materials that are available under NDA for qualified purchasers. Please contact GTT Group for further information.

The Video Streaming Market

- Video streaming has seen tremendous growth over the past several years with studies showing that 85% of broadband households in the US have a video streaming subscription.
- Research indicates that the global video streaming market will grow from \$30B in 2016 to \$70B by 2021.
- Inventions in the Media Streaming Portfolio cover core elements of the management and maintenance of a video streaming network, such as access control, DRM, encoding/decoding and QoS.
- GTT Group has prepared materials to illustrate adoption of the inventions by major market participants.
