Opportunity Summary

- GTT Group is exclusively representing the sale of the Real-Time Image Filters portfolio.
- The portfolio contains 3 US patents in two patent families.
- The inventions in the portfolio generally relate to manipulating images by superimposing graphic elements on to an image.
- A few examples of the applications of the inventions are applying a filter or mask on a live image feed (e.g. smartphone camera), or using a user's image to personalize an avatar.
- These features have become common in social networking, messaging apps, camera/selfie apps and gaming systems.
- The portfolio contains patents with priority dates as early as 1993.
- GTT Group has developed evidence of use (EOU) materials that are available under NDA for qualified purchasers. Please contact GTT Group for further information.
